Espejo con iluminación LED incorporada de alta eficacia y bajo consumo.

El tono de la luz es blanco neutro (4000°K), bajo demanda se puede fabricar blanco cálido (3000°K) o blanco frío (6000°K). Led no recambiable directamente.

Las medidas alto x ancho son reversibles.

Se puede fabricar a medida, solicite presupuesto.

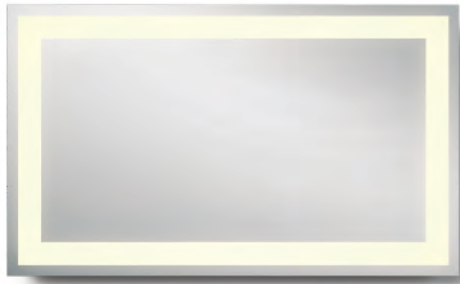

Admite la colocación del sistema antivaho.

Mirror with built-in high-efficiency, low-consumption LED lighting. The light tone is neutral white (4000°K); we can manufacture warm white (3000°K) or cold white (6000°K) to order. Led not directly changeable.

The height x width measurements can be reversed.

Can be made to measure, ask us for an estimate.

Can be adapted to the anti-fog system.
